E. V. ROBBINS, Esq.,

President of the Board of Trade of the City of Chicago:

SIR:—I have the honor to submit the accompanying Report of the Trade and Commerce of Chicago in Flour, Grain, Provisions, Lumber, &c., for the year ending March 31, 1869.

In making up this report, which is the last I shall submit to the Board, I can not but express my regret that there has never been provision made for a full report of the entire Commerce and Manufactures of this city, annually—for the rapid growth of Chicago has ever been a wonder to the commercial world, but yet there are many intelligent men of high commercial standing, both in this country and in Europe, who to-day do not comprehend, and consequently can not appreciate, the importance of the Manufactures and Commerce of the young "Garden City of the Lakes."

No official report has ever yet been made of the extent of manufactures from the different metallic products of the territory tributary to our city, or of the progress made in the different branches of useful and ornamental art.

In taking leave of the Board I can not refrain from expressing my high appreciation of the uniform confidence and courtesy which has ever been manifested toward me during the past six years by the officers and members of the Board, and at the same time I desire to tender my sincere congratulations upon your success in securing the services of a gentleman so competent as Mr. CHARLES RANDOLPH to undertake the onerous duties of the position.

I also desire to bear testimony to the faithful services of all those who have acted as my assistants in the duties of the office.

I am, my dear sir,

Faithfully, your obedient servant,

CHICAGO, April, 1869.

REPORT OF THE DIRECTORS.

GENTLEMEN OF THE BOARD OF TRADE:

In compliance with the customs and rules of the Board, your Directors beg leave to submit their Annual Report of the financial condition of the Board, and of their proceedings, during the fiscal year which has just closed:

Balance on hand as per last annual report.....	\$15,285 58
Less amount due Arbitration and Appeal Committees, as per that report.....	303 90
Net balance belonging to the Board.....	<u>\$14,981 68</u>

RECEIPTS FOR THE FISCAL YEAR.

From assessments of members.....	\$38,610 00
From initiation fees of new members.....	1,540 00
From second clerk's tickets.....	285 00
From table rents.....	5,725 50
From interest on bonds.....	1,894 92
From grain inspection.....	47,370 56
From fees on cases pending in committees.....	76 75
	<u>\$95,502 73</u>
	<u>\$110,484 41</u>

DISBURSEMENTS.

For rent, salaries and incidentals.....	\$34,119 54
For grain inspection.....	46,147 89
For market reports.....	4,037 26
For annual reports.....	2,268 32
For repairs of hall and directors' room.....	4,177 63
For National Board of Trade.....	1,648 92
For premium on \$18,000 in United States bonds.....	1,665 00
For legal expenses.....	456 50
For appropriation to Packers' Association.....	750 00
	<u>\$95,271 06</u>
	<u>\$15,213 35</u>

There is on hand in United States bonds, at par.....	\$18,000 00
Balance due the Treasurer.....	2,786 65
The bonds are now worth 113¾, say.....	<u>20,475 00</u>

From the above statement, it will be seen that the current expenses of the year do not vary materially from former years. In addition, however, to our usual expenses, your Directors have expended \$7,629.80 in repairs on our hall, our assessment by the National Board of Trade, to defray its expenses, and the cost of the banquet given to the press of Wisconsin and Minnesota; all of which were regarded as necessary expenditures and good investments for the Board. They also paid to the Pork Packers' Association \$750.00, to reimburse them in part for money expended in investigating the Texas Cattle Disease, and in obtaining the passage of a law by our State Legislature regulating the importation of Texas cattle into our State, which is a matter of vital importance, not only to this Board, but to the community at large.

During the first five months in the year, the receipts from grain inspection largely exceeded the expenses of the same. Your Directors, believing the rates of inspection should be as near simply self-sustaining as possible, reduced the rates on the 15th of September, as follows, to-

wit: Inspection on grain from cars to warehouse, from 25 to 20 cents per car; on grain from warehouse to cars, from 50 to 40 cents per car; on grain from warehouse to vessels, from 50 to 30 cents per thousand. The result of this material reduction has been a loss to the Board since its adoption, and the inspection account now stands nearly even, but owing to the large amount of grain now in the country, to come forward, they think the existing rates will be sufficient to cover the expenses during the coming season, and for that reason have not thought best to advance the rates at present.

No material change has been made in the Rules of Inspection during the year. Owing to the excellent quality of the crop of wheat of 1868, and corn of 1867, the rules in force at the commencement of the year were found to be sufficient to meet all the different grades of grain coming to our market, until the new corn from the crop of 1868 began to arrive. This crop being inferior to that of 1867, and more or less of it having been, kiln-dried before shipment, it was found to be necessary to add to the rules governing the inspection of corn, to meet the different grades, but in no case were any rules changed that were in force at the beginning of the year, all of which have been strictly adhered to by the Chief Inspector, and, so far as we know, have given universal satisfaction.

Your Directors have had an unusual amount of business before them during the year. Many important questions have been referred to the Commercial Committee, in the consideration of which said committee has rendered valuable service to our Board.

All the cases coming before us for adjudication have been settled, with one exception, which is now in court, and the prominent features of which you are all familiar with. Your Directors regret feeling obliged to enforce contracts of that nature, yet we find no rules or by-laws of the Association that will release a member on his contract, even when caught in a "corner;" and we recommend the continued prosecution of this case not, however, in a spirit of persecution, but for the purpose of testing the rights of our institution to compel its members to conform to its rules and by-laws.

There has been an increase of membership over the previous year of 63—the number this year being 1,287. Your Directors have made no change in the annual assessment, it being thirty dollars.

Among the first acts of your Directors was to instruct their Cemetery Committee to carry out, if possible, the resolution passed at the last annual meeting, in regard to the erection of a monument to the memory of those brave men who so nobly sacrificed their lives upon the altar of our country. This committee had authority to invest \$5,000 when an equal amount was pledged from any reliable source; and, after conferring with the City Council, the Board of Supervisors, and others, we are happy to be able to report that success has crowned their efforts by a unanimous vote of the Board of Supervisors to expend \$5,000. This result, however, was obtained too late to carry out the plan this year; but a Building Committee of two has been appointed, to co-operate with a like committee of three from the Board of Supervisors, and \$5,000 of the money now in the hands of our Treasurer is subject to their order, for that purpose, and your Directors trust there will be no further delay in accomplishing the desired object.

During the past year, Col. John F. Beaty, who had so long and faithfully served this Board in the capacity of Secretary, resigned the office, for the purpose of accepting a position which promises greater financial advantages, and, while we parted with him with feelings of sincere regret, we know we express the feeling of the whole Board, when we say we wish him all the success his merits deserve, and that is all he could ask for.

During the past year, but few of our members have been visited by the Messenger of Death, but the number is sufficient to remind us all of the necessity of securing riches more durable than this world can bestow.

The past year, viewed from a financial stand-point alone, may be regarded as a disastrous one, especially by our grain men; but, remembering that we are in a transition state, from inflation to a gold basis, and that already some of the leading articles of commerce have depreciated nearly one-half in price, we congratulate the Board upon the fact that the disaster has been no greater. This, together with renewed confidence in our government, enables us, when we look back, to see that we have made great advances toward a permanent foundation for a safer and more successful business in the future. Your Directors have favored all legitimate enterprises tending to develop the financial resources of our city, and we trust the business of this Board, and its influence and standing in commercial circles, will ever be in keeping with its commanding position.

Respectfully submitted,

In behalf of the Directors,

E. V. ROBBINS, *President.*

GRADES OF GRAIN AND RULES OF INSPECTION

ADOPTED BY THE

BOARD OF TRADE OF THE CITY OF CHICAGO,

AND TO TAKE EFFECT ON THE FIRST DAY OF AUGUST, 1867.

WHEAT.

WINTER WHEAT.

No. 1 WHITE.—To be pure white winter wheat, sound, plump and well cleaned.

No. 2 WHITE.—To be pure white winter wheat, sound and reasonably clean.

No. 1 RED.—To be pure red winter wheat, sound, plump and well cleaned.

No. 2 RED.—To be pure winter wheat, red, or red and white mixed, sound and reasonably clean.

No. 3.—To include inferior or dirty winter wheat, but not so badly damaged as to render it unfit for flouring, not weighing less than 55 lbs.

REJECTED.—All winter wheat so badly damaged from any cause as to render it unfit for No. 3.

SPRING WHEAT.

No. 1.—To be sound, plump, and well cleaned, good milling wheat.

No. 2.—To be reasonably clean, and free from other grain, and such as will make sound flour.

No. 3.—To include inferior or dirty spring wheat, but not so badly damaged as to render it unfit for flouring, and not weighing less than 54 lbs.

REJECTED.—All spring wheat so badly damaged, from any cause, as to render it unfit for No. 3.

In case of mixture of spring and winter wheat, it will be called spring wheat and graded according to the quality thereof.

Black Sea and Flinty Pife wheat in no case will be inspected higher than No. 2, and Rice wheat no higher than No. 3.

All hot grain arriving here will not be graded.

CORN.

WHITE.—To be white, and in all other respects to be No. 1 corn.

YELLOW.—To be yellow, and in all other respects to be No. 1 corn.

No. 1.—To be sound, dry, plump and well cleaned.

No. 2.—To include all other corn, dry and merchantable, and reasonably clean.

REJECTED.—All wet, very dirty, hot, and otherwise badly damaged corn, unfit for warehousing

OATS.

No. 1.—To be sound, free from other grains, and well cleaned.

No. 2.—All other oats not unmerchantable.

REJECTED.—All oats unsound, or from any cause unmerchantable and unfit for warehousing.

RYE.

No. 1.—To be sound, plump and well cleaned.

No. 2.—All rye not included in No. 1, that is not, in the judgment of the Inspector, unmerchantable.

REJECTED.—All unsound rye, that from any cause shall be deemed unmerchantable and unfit for warehousing.

BARLEY.

No. 1.—To be plump, bright, sound, clean, and free from other grain.

No. 2.—To be reasonably clean, and sound, but not bright or plump enough for No. 1.

REJECTED.—All barley that from any cause is unsound, or largely mixed with other grain.

RULES.

All Inspectors must make their reasons for grading grain, when necessary, fully known by notations on their books.

All wheat is to be weighed, and the weight entered on inspection book.

At a meeting of the Board of Directors of the Chicago Board of Trade, the following recommendations were adopted as Rules of the Board.

First—That all grain arriving in bulk be inspected and received into the house for such grade only as the Inspector shall decide, except when sold on the track for grinding, city consumption or shipment, and the Inspector shall in no case make the grade above the lowest quality found in any lot of grain, when it has evidently been mixed or "doctored" with a view to changing the grade, and that our warehousemen be requested to refuse all bagged grain which shall have been bagged for this express purpose, and that all our railroad companies be requested to prohibit all bagging, except for local consumption or shipment.

Second—That it be made the duty of all Inspectors of grain to report to the Inspection Committee all attempts to defraud our inspective system. They shall report in writing every instance when warehousemen deliver, or attempt to deliver, grain of a lower grade than that called for by the warehouse receipt. They shall also report any and every attempt of a receiver or shipper of grain improperly to instruct or in any way influence the action or the opinion of the Inspectors, and also all other attempts to defraud the Inspection system, and when the charges shall be sustained, it shall be the duty of the Inspection Committee to put the same on the bulletin board of the Exchange rooms.

It shall be the duty of the Chief Inspector to keep a record of the weight of grain inspected into and out of each warehouse, which record shall be open to the inspection of any member of the Board during business hours, and that he report daily the average weight of the receipts and shipments of each grade into and out of each warehouse, which report shall be posted on the bulletin board.

CHICAGO, July 19, 1867.

CLASSIFICATION OF FLOUR

AND RULES OF INSPECTION

ADOPTED BY THE

BOARD OF TRADE OF THE CITY OF CHICAGO.

First. SOUND.—To be strictly sound, free from any and every defect or fault causing either smell or taste.

Second. WEEDY.—Flour made from Wheat that has come in contact with a noxious weed, imparting an unpleasant smell, which is supposed will cook out.

Third. UNSOUND.—All Flour not "Sound" or "Weedy," whether the unsoundness is derived from the condition of the wheat or has originated in the Flour. The Inspectors are required to note on their certificates the character of the unsoundness, such as *musty, hard sour, soft sour, or slightly unsound*—the latter explanation of the unsoundness being intended to indicate that the Flour will probably work sound for immediate use, and is slightly depreciated in value.

All Flour that inspects "Sound" and full weight shall be branded, and none other; except when part of the lot of "Extra" proves so far below sample as to be a clearly different grade, the Inspectors may omit branding the barrels that are below grade; and it shall be the duty of the Inspectors, when working to a sample, to state on their certificate the number of barrels above or below the sample, and have the sample or samples of the same, which the parties may examine; also to state on their certificate, when the flour is "unsound" or "weedy," the number of barrels of each description, and also, when practicable, the number of barrels that are so stained or out of condition as to depreciate the market value of the Flour. When Flour has been overhauled and cleaned on account of being wet, the Inspectors shall note on the certificate "wet and cleaned," either "by Inspectors" or "by Owner," as the case may be. The Inspectors shall satisfy themselves in regard to the weights, and in case they deem it necessary to strip some of the Flour, they shall be entitled to twenty-five (25) cents for each barrel so stripped (if it proves to be short weight) in addition to the regular fee of two cents per barrel for inspecting and branding. The charge of stripping shall be paid by the seller. No certificate shall be issued for a part of a lot of Flour inspected, without the consent of both the buyer and seller. The Inspector shall be only liable to damage for any discrepancy between the Flour for which a certificate is issued and the sample which they retain of Flour so inspected, unless the buyer hands them the sample to inspect by.

Rules for the Adjustment of Short Weight of Flour, in the absence of any special understanding between buyers and sellers.

First.—Flour shall be sold on the basis of one hundred and ninety-six pounds to the barrel.

Second.—In case of short weight, the buyer shall be allowed for such shortage at the rate he pays, and three-fourths of a cent per pound on same for freight, and in addition five (5) cents per barrel for the expense of refilling.

CHICAGO, May, 1865.

INSPECTION OF PROVISIONS.

DIRECTIONS FOR CUTTING, PACKING AND CURING PORK AND BEEF, AND RULES REGULATING THE SALE OF THE SAME.

The following rules for examination and inspection of Provisions, as adopted by the Pork Packers' Association, have also been adopted by this Board:

EXAMINATION.—To provide for the examination of provisions sold as "standard," it shall be the duty of the Inspector, on receiving notice, to go to any packing-house, or warehouse in the city, to examine provisions in such quantities as may be required; selecting the same in such a manner from the lot specified, as in his judgment will give a fair sample of the whole. If, upon examination, it is found in all respects up to the standard, according to classification of grades herewith adopted, he shall issue certificate to that effect.

When necessary to remove property for the convenience of examination, it shall be the duty of the Inspector to send for the same, that a fair sample may be obtained. In no case shall a certificate be granted on samples delivered by the seller.

The Inspector shall keep a record, in detail, of every examination he may make, that he may be qualified to testify positively in the event of a dispute; and should any portion, by examination or inspection, at or previous to time of removal from place of sale, prove to be different in character, the seller shall be responsible for difference.

The Inspector shall be entitled to receive, as compensation for examining provisions, five dollars (\$5.00) for the first five barrels, and twenty-five cents for each additional barrel examined, payable by the buyer if "standard," and by the seller if rejected—and cartage when removed.

INSPECTION.—It shall be the duty of the Inspector, as requested by owner, either at any packing-house, warehouse, or in yards provided by the Inspector, to overhaul and inspect provisions according to the classification and quality authorized for standard packing; two hundred pounds of meat, with abundance of salt, to be repacked into each barrel, and cooperage to be put into good order; each barrel of provisions that is sound, sweet and free from every defect, to have grade and date of inspection branded thereon, and any portion that is defective, to be branded, in like manner, "rusty," "sour," or "tainted," as the case may be, across the regular inspection brand.

MESS PORK.—Shall be packed from sides of well-fatted hogs, cut in strips not exceeding six and a half (6½) inches wide, and flanked according to diagram, as nearly as possible, and not back strapped; 196 pounds of green meat, numbering not over sixteen pieces, including only the regular proportion of flank and shoulder cuts. Four layers to be packed into each barrel, with not less than 40 pounds Turks Island, St. Ubes, or Trepanni, or 45 pounds of other good qualities of foreign or domestic coarse salt, and clear brine as strong as salt will make it. (See Plate No. 1.)

CLEAR PORK.—Shall be packed from sides of extra heavy, well-fatted hogs, cut, selected and packed in the same manner as Mess Pork. The backbone and half the rib next the backbone to be taken out.

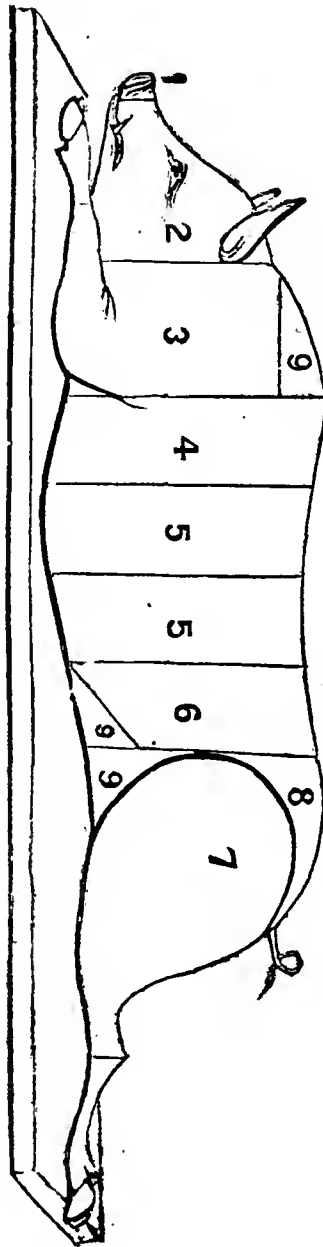

EXTRA CLEAR PORK.—Same as clear, except that all the rib and backbone must be taken out.

MESS ORDINARY, OR THIN MESS.—Of hogs reasonably well fatted, too light for Mess Pork, cut, selected and packed in the same manner as Mess. No restriction as to the number of pieces to the barrel.

RUMP PORK.—Rumps should be trimmed with only enough taken off to make them neat and smooth; the tail cut off close. Each barrel to contain 200 pounds of green meat, packed with the same quantity and quality of salt as Mess Pork.

PRIME PORK.—Shall be packed with a header of side cuts, the regular width, three half heads. It may have three rumps, with the balance shoulder cuts. The shoulder should have the rib in them, and cut into three pieces each, according to the diagram, the foot to be cut off above the knee, and the shank cracked near the shoulder. Head to be split through the brain and tongue; snout and ears cut off, and brains removed. Each barrel to contain 200 pounds of green meat, and to be packed with the same quantity and quality of salt as Mess Pork; heads to be soaked before being packed.

EXTRA PRIME PORK.—Shall be made from heavy, untrimmed shoulders, cut into three pieces, according to the diagram; the leg to be cut close to the breast, to be packed 200 pounds green meat into each barrel, with the same quantity and quality of salt as Mess Pork.

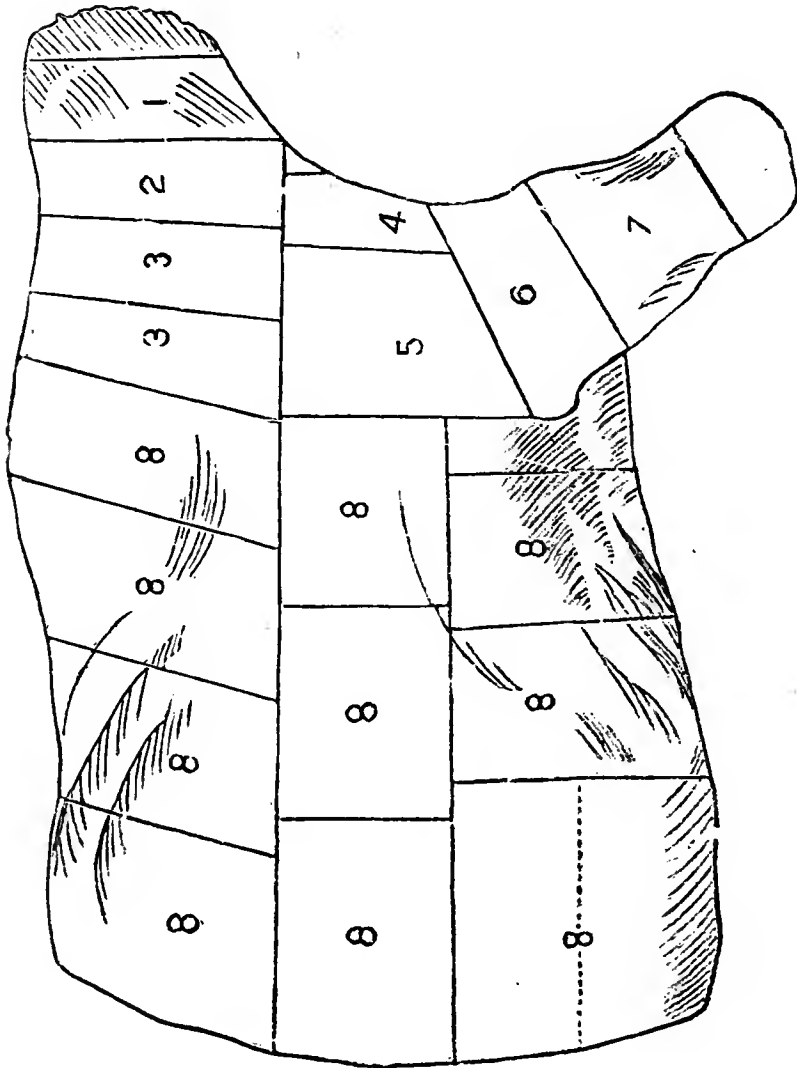

PRIME MESS PORK.—Shall be made of shoulders and sides of nice, smooth fat hogs, weighing from 120 to 170 pounds each, net, regularly cut into square pieces, as near four pounds each as possible, the shank to be cut off close to the breast, each barrel to contain 200 pounds green meat, in proportion of twenty pieces of shoulder and thirty pieces of side cuts, and to be packed with the same quantity and quality of salt as Mess Pork, with the addition of four ounces of saltpeter. The prime pieces shall be cut free of the blade bone. The shoulder pieces not to exceed ninety pounds to each barrel. It may also be packed with twenty pounds (20 lbs.) Turks Island, St. Ubes or Trepanni, or twenty-five pounds (25 lbs.) other domestic or foreign coarse salt, and shall pass as "Light Salted Prime Mess Pork," provided it is in all other respects cut and packed as full salted Prime Mess Pork.

When resalted, the brine shall be drawn off and new brine added.

(See Plate No. 2.)

The dotted line in the diagram indicates that the flank piece is not to be cut entirely through, but only sufficiently to allow it to fold so as to present a thick appearance.

MESS BEEF—Shall be packed from well-fatted cattle, weighing 450 pounds and upwards, net, and cut as near ten pound pieces as practicable, excluding the legs and rand of the hind quarter, shin and shoulder clod, and eight pounds of the neck from the fore quarter; and shall be packed in regular provision packages, with at least twenty pounds of coarse Turks Island, St. Ubes, Syracuse, Trepanni, or other good coarse salt, with at least four ounces saltpeter, and pickle as strong as salt will make it. (*See Plate No. 3.*)

EXTRA MESS BEEF—From well fatted cattle, shall be cut and packed the same as Mess Beef from cattle weighing 500 pounds and upwards, net. (*See Plate No. 4.*) The cooperage in all cases to be of good and well-seasoned material, and in good condition. The date of packing to be branded on the head of each of the above qualities of Pork and Beef.

RULES OF SALE.—All barreled provisions offered for sale as “standard,” in this market, must be cut, selected and packed, in all respects, as to quality and condition, equal to the foregoing classification.

Unless otherwise stipulated, at all sales made of any of the above grades of provisions represented as “standard,” the seller shall be bound to fulfill his sale by the delivery of the quality called for by such sale, which, on examination by the Inspector of the Association, has been certified by him to have been packed according to the above classification, and is, at the time of sale, in good, merchantable condition in every respect, and has sufficient salt in each barrel to preserve the meat for a reasonable time. Provisions from which any surplus weight has been removed, cannot afterwards be classed as standard.

Any sales by which a particular packer's brand is named, which does not pass examination the buyers shall then elect, at his option, either to take the lot named at price agreed upon, after being regularly inspected at cost of seller, or to require that some other standard brand be substituted. But the buyer shall receive either the one or the other.

COOPERAGE.—There shall be appointed by the Association an Inspector of Cooperage, who shall inspect all provision cooperage submitted to him according to the following standard:

Beef and Pork Barrels shall be made of thoroughly seasoned White Oak lumber, free from objectionable sap; staves not less than $\frac{1}{2}$ inch thick and 29 inches long; heads 18 inches, $\frac{5}{8}$ of an inch thick in center, and $\frac{3}{8}$ at bevel; hoops, Hickory or White Oak; barrel not less than 11-16 covered.

Tierces for Hams, Beef or Lard, 32 inches long, $20\frac{1}{2}$ inch head; quality of staves and hoops same as on barrels; staves not less than $\frac{5}{8}$ thick; heads same as Pork barrels—hooped, 11-16 covered.

INSPECTORS' FEES.—Inspectors' Fees, two cents for each barrel or tierce, payable by seller.

WEIGHTS AND TARES.—In the absence of agreement to the contrary, the following rules shall govern weights and tares:

Pickled Hams and Shoulders—one per cent. to be allowed for drainage.

Bulk Meats—salt being struck off but not swept, one per cent. tare to be allowed.

Lard—actual tare to be allowed.

FLOUR.

The Flour movement of the year shows a gratifying increase as compared with the previous year, and the exhibit is larger even than in 1866-7, though the trade has ruled comparatively dull. The receipts for the twelve months ending March 31st, 1869, were 2,276,335 barrels; manufactured by city millers, 747,932 barrels; the stock on hand March 31st, 1868, was 74,925 barrels; making a total of 3,099,192 barrels. Of this amount 2,723,817 barrels were shipped, and 101,898 barrels were on hand at the close of the year, leaving 273,477 barrels for consumption in the city during the twelve months. The receipts exceeded those of the previous year by 627,429 barrels; the shipments show a corresponding increase of 805,892 barrels, and the city manufacture a gain of 138,326 barrels. This is partially attributable to the low prices which have prevailed in breadstuffs during the greater part of the year, and have, no doubt, materially stimulated consumption. Our city millers have been moderately successful, as during the protracted decline of last autumn they milled chiefly on order. The past twelve months have not been so remunerative to operators, inasmuch as profits have been small, and the aggregate of sales at this point reduced by large shipments direct from country mills to Eastern dealers. We note a steady improvement in the quality of flour produced by our city millers, which enables Chicago Spring Wheat Flour to be bought extensively where Winters were used almost exclusively to a very recent date.

WHEAT.

The receipts of Wheat for the year ending March 31st, 1869, were 15,318,148 bushels—an increase of 1,275,551 bushels from the previous year. The shipments were 11,326,102 bushels; increase, 1,275,551 bushels. The crop of 1868 was a bounteous one, and very fair in quality. Our city still supplies a great portion of the States to the eastward of this point, but the price has ruled almost unprecedentedly low, on a gold basis, mainly in consequence of heavy crops in California and Europe, competing with our surplus in the English market. We note a large increase in the shipments East by rail during the past winter.

CORN.

The movement in corn during the year ending March 31st, 1868, shows little improvement over that of the previous year, and exhibits a great falling off from that of two years ago. The receipts were 25,174,470 bushels; decrease 48,998 bushels; and the shipments were 25,404,275 bushels; an increase of 3,523,593 bushels over the year preceding. The crop of 1867 was not so great as expected, and that of 1868, though great things were anticipated, has not, so far, shown a great increase, while, the low price of corn during the winter, and the high price of pork stimulated extensive feeding to hogs. The receipts of new corn during the past winter were very large, and in fair condition. The shipments during the same season were unprecedentedly large, taxing the resources of the railroads leading East to their utmost extent.

NOTE.—All New Corn arriving in merchantable condition, subsequent to November 15, 1867, by order of the Board of Directors, was inspected "New Corn," and all New Corn in unmerchantable condition was inspected as "No Grade."

By order of the Directors all Kiln Dried Corn on and after November 16, 1868, was inspected as "Kiln Dried No. 2," and "Kiln Dried Rejected," and said grades were kept separate from "Old Corn." The above range of values include "Old No. 2," and "Kiln Dried No. 2," and "Old Rejected," and "Kiln Dried Rejected" from the date above named.

OATS.

The movement in Oats exhibits a most gratifying increase over the preceding year, averaging above 26 per cent. in the aggregate. The receipts were 16,163,301 bushels; increase, 3,508,656 bushels; shipments, 15,018,312 bushels; increase, 4,709,249, bushels, while the receipts are nearly double those of two years ago. The crop of 1868 was large, and its quality so very satisfactory as to render it unnecessary to revive the distinction between Nos. 1 and 2—a distinction which has been little more than nominal for two years past.

NOTE.—Receipts of No. 1 were light. After August 29, 1868, the receipts consisted chiefly of No. 2, and the few cars of No. 1 that were received were classed with No. 2, and sold at same rates.

RYE.

The movement in Rye shows a large increase in receipts and shipments over the preceeding twelve months but was scarcely equal to that of 1866-7. The receipts were 1,549,701 bushels; the shipments 1,463,708 bushels. The market has ruled very steady all through the year, under a constant but quiet demand, and prices have been good, as compared with the low quotations on other cereals. The quality of the crop of 1868 was uniformly good, and the yield was a fair one. The milling demand has fallen off somewhat, as compared with that of 1867-8, but it has been counterbalanced by an increased use on the part of distillers since the duty on spirits was reduced.

BARLEY.

The movement in Barley during the fiscal year ending March 31st, 1869, exhibits a falling off in both receipts and shipments from the preceding year, but the receipts—1,893,641 bushels—were about equal to those of 1866-7; the shipments—1,065,278 bushels—were much less. The crop of 1867 was all exhausted long before that of 1868 came in, and the last, being but an average one, has been the subject of a good demand, both here and in Ohio, the latter State having drawn largely upon us by rail. Comparatively little of our Barley has gone to the seaboard. Our receipts include over 120,000 bushels from Canada, and 34,392 bushels of Barley Malt were received in addition. The amount in store having been uniformly light, prices have fluctuated rather extensively with the varying demand. We note the arrival of several lots of Barley from Germany in Eastern Malt centers during the year.

THE PROVISION TRADE.

Chicago still maintains the lead in provisions, though the year ending March 31st, 1869, shows a material falling off in pork packing, but less in the movement of hogs, as a great many animals were shipped East for summer packing on the seaboard. The pork packing statistics give a total of 617,954 carcasses, live and dressed, cut up during the year, being a decrease of 178,271 from the exhibit of the year preceding. It was early apparent that the crop of 1868 would not equal that of 1867, though the average weight and yield of Lard were better, while it was known that there was no surplus of products on hand. Hence prices rapidly ran up on hogs, and products, quotations nearly touching the top figures attained in our packing annals, under an active consumptive demand from the South for half-cured meats, followed by a strong speculative enquiry. Our exports to Europe have been large, and the stock remaining on hand at the close of the fiscal year is very light.

BEEF CATTLE AND BEEF PRODUCT.

The amount of Beef Cattle for the year ending March 31st, 1869, shows a moderate increase as compared with the previous year, though not equaling the figures of 1866-7. The receipts were 347,244 head, the shipments 235,531 head. The movement was moderately interfered with by the Texas cattle fever, and the excitement which prevailed in relation thereto. The number of Cattle packed at this point was 26,950 head—a decrease of 8,400 from the previous year. The falling off was largely due to the very low prices ruling East for Beef Products which promised no margin of profit to our packers.

THE LUMBER TRADE.

Our tables show a continuous increase in the magnitude of the Lumber Trade, the increase of receipts of Lumber for the year just closed being 146,000,000 feet over those for the year preceding, while the excess of shipments was over 33,000,000 feet. Stocks have been ample, and prices ruled very uniform through the year till near the close, when several lots of dry lumber were ordered to Oswego and Buffalo on the opening of navigation. The large amount on hand is in first-class condition. The city consumption of Lumber and Lath has very much increased. That of Shingles exhibits a slight falling off, while receipts and shipments were both a trifle less than for 1867-8.

AN ACT TO INCORPORATE

THE BOARD OF TRADE

OF THE

CITY OF CHICAGO.

Be it enacted by the People of the State of Illinois, represented in the General Assembly :

SECTION 1. That the persons now composing the Board of Trade of the City of Chicago, are hereby created a body politic and corporate, under the name and style of the "BOARD OF TRADE OF THE CITY OF CHICAGO," and by that name may sue and be sued, implead and be impleaded, receive and hold property and effects, real and personal, by gift, devise, or purchase, and dispose of the same by sale, lease, or otherwise, said property so held not to exceed at any time the sum of two hundred thousand dollars; may have a common seal, and alter the same from time to time, and make such rules, regulations, and by-laws, from time to time, as they may think proper or necessary for the government of the corporation hereby created, not contrary to the laws of the land.

SEC. 2. That the rules, regulations, and by-laws of the said existing Board of Trade shall be the rules and by-laws of the corporation hereby created until the same shall be regularly repealed or altered; and that the present officers of said association, known as the "Board of Trade of the City of Chicago," shall be the officers of the corporation hereby created, until their respective offices shall regularly expire, or be vacated, or until the election of new officers according to the provisions hereof.

SEC. 3. The officers shall consist of a president, one or more vice presidents, and such other officers as may be determined upon by the rules, regulations, or by-laws of said corporation; all of said officers shall respectively hold their offices for the length of time fixed upon by the rules and regulations of said corporation hereby created, and until their successors are elected and qualified.

SEC. 4. The said corporation is hereby authorized to establish such rules, regulations, and by-laws for the management of their business, and the mode in which it shall be transacted, as they may think proper.

SEC. 5. The time and manner of holding elections and making appointments of such officers as are not elected, shall be established by the rules, regulations, or by-laws of said corporation.

SEC. 6. Said corporation shall have the right to admit or expel such persons as they may see fit, in manner to be prescribed by the rules, regulations, or by-laws thereof.

SEC. 7. Said corporation may constitute and appoint committees of reference and arbitrations, and committees of appeals, who shall be governed by such rules and regulations as may be prescribed in the rules, regulations, or by-laws, for the settlement of such matters of difference as may be voluntarily submitted for arbitration by members of the association, or by other persons not members thereof, the acting chairman of either of said committees, when sitting as arbitrators, may administer oaths to the parties and witnesses, and issue subpoenas and attachments, compelling the attendance of witnesses, the same as justices of the peace, and, in like manner, directed to any constable to execute.

SEC. 8. When any submission shall have been made in writing, and a final award shall have been rendered, and no appeal taken within the time fixed by the rules or by-laws, then, on filing such award and submission with the clerk of the circuit court, an execution may issue upon such award as if it were a judgment rendered in the circuit court, and such award shall thenceforth have the force and effect of such a judgment, and shall be entered upon the judgment docket of said court.

SEC. 9. It shall be lawful for said corporation, when they shall think proper, to receive and require of and from their officers, whether elected or appointed, good and sufficient bonds for the faithful discharge of their duties and trusts, and the president or secretary is hereby authorized to administer such oaths of office as may be prescribed in the by-laws or rules of said corporation; said bonds shall be made payable and conditioned as prescribed by the rules or by-laws of said corporation, and may be sued, and the moneys collected and held for the use of the party injured, or such other use as may be determined upon by said corporation.

SEC. 10. Said corporation shall have power to appoint one or more persons, as they may see fit, to examine, measure, weigh, gauge, or inspect flour, grain, provisions, liquor, lumber, or any other articles of produce or traffic commonly dealt in by the members of said corporation, and the certificate of such person or inspector, as to the quality or quantity of any such article, or their brand, or mark upon it, or upon any package containing such article, shall be evidence between buyer and seller, of the quantity, grade, or quality of the same, and shall be binding upon the members of said corporation, or others interested, and requiring or assenting to the employment of such weighers, measurers, gaugers, or inspectors; nothing herein contained, however, shall compel the employment, by any one, of any such appointee.

SEC. 11. Said corporation may inflict fines upon any of its members, and collect the same, for breach of its rules, regulations, or by-laws, but no fine shall exceed five dollars; such fines may be collected, by action of debt, before a justice of the peace, in the name of the corporation.

SEC. 12. Said corporation shall have no power or authority to do or carry on any business, excepting such as is usual in the managements of boards of trade, or chambers of commerce, or as provided in the foregoing sections of this bill.

WM. R. MORRISON,

Speaker of the House of Representatives.

JOHN WOOD,

Speaker of the Senate.

Approved February 18th, 1859.

WM. H. BISSELL.

UNITED STATES OF AMERICA, } ss.
STATE OF ILLINOIS,

I, O. M. HATCH, Secretary of State of the State of Illinois, do hereby certify that the foregoing is a true copy of an Enrolled Law, now on file in my office. In witness whereof I have hereunto set my hand, and affixed the Great Seal of the State, at the City of Springfield, this 7th day of March, A. D., 1859.

O. M. HATCH,

Secretary of State.

PREAMBLE.

Having a desire to advance the commercial character, and promote the manufacturing interests of the City of Chicago, and wishing to inculcate just and equitable principles in trade, establish and maintain uniformity in the commercial usages of the city, acquire, preserve, and disseminate valuable business information, and with a view to avoid and adjust, as far as practicable, the controversies and misunderstandings which are apt to arise between individuals engaged in trade when they have no acknowledged rules to guide them,—we, the members of the Board of Trade of the City of Chicago, by virtue of the power vested in us by the preceding charter, do hereby agree to be governed by the following Rules and By-Laws.

GENERAL RULES.

RULE I.

The name of this Association shall be "THE BOARD OF TRADE OF THE CITY OF CHICAGO."

RULE II.

GOVERNMENT AND ELECTIONS.

SECTION 1. The government of the Association shall be vested in a President, two Vice-Presidents (who shall also be President and Vice-President of the Board of Directors), and ten Directors, all of whom shall be residents of, or permanently doing business in the City of Chicago. The President and two Vice-Presidents shall continue in office one year, and the Directors two years; or until their successors are elected, and assume their duties; five of the Directors being elected each year. They shall be known as the "Board of Directors," and seven of their number shall constitute a quorum for the transaction of business.

SEC. 2. There shall be chosen each year five members of the Association, who shall hold their offices for two years, and, with their associates elected the previous year, shall constitute the "Committee of Arbitration."

SEC. 3. And, also, five other members of the Association shall be elected for two years, who, with their associates elected the previous year, shall constitute the "Committee of Appeals."

SEC. 4. The annual election for President, Vice-Presidents, Directors, Committee of Arbitration, and Committee of Appeals, shall be by ballot; and shall be held at the Exchange Rooms between the hours of 10 A. M. and 4 P. M. on the *first* Monday in April, and the term of office shall commence on the *second* Monday in April in each year.

SEC. 5. For President and each of the Vice-Presidents a majority of the whole number of votes cast shall be necessary to a choice; but the five persons receiving the greatest number of votes for Directors, the five receiving the greatest number for Committee of Arbitration, and the five receiving the greatest number for Committee of Appeals, shall be elected.

SEC. 6. If at the annual election there should be a failure to elect a President, or either of the Vice-Presidents, another election shall take place on the following day at the same time and place, and if at such election there should be a failure to elect such officer, another election shall take place on the next day thereafter, when the person receiving the greatest number of votes for President or Vice President, shall be declared duly elected.

RULE III.

DUTIES OF PRESIDENT.

SECTION 1. It shall be the duty of the President to preside at and preserve order at all meetings of the Association, or of the Board of Directors, to direct the minutes of the previous meeting, reports of committees, and other papers to be read, and to call extra meetings when he or the Board of Directors may deem it expedient. Notice of such meetings being given on 'Change.

SEC. 2. Upon the written request of ten members he *shall* call a meeting, notice of the same being given on 'Change and in two of the Chicago daily newspapers for at least three days immediately preceding such meeting.

SEC. 3. He shall approve all accounts previous to their being paid by the Treasurer; and, in the absence of the Secretary, shall appoint one of the members to officiate in his place for the time being.

RULE IV.

DUTIES OF VICE-PRESIDENTS.

SECTION 1. It shall be the duty of the Vice-Presidents, in the order named in their election, to perform the duties of the President in case of his absense or disability.

RULE V.

DUTIES OF DIRECTORS.

SECTION 1. All the financial and business concerns of the Association shall be managed and conducted (in accordance with the Charter and Rules of the Association), by and under the direction of the Board of Directors.

SEC. 2. They shall annually, on the *second* Monday in April of each year, or at any other meeting of their body, appoint a Secretary, Treasurer, and such Inspectors, Gaugers, Weighers, Measurers, and other officers or servants as, in their opinion, shall be for the best interests of the Association, and shall establish such Rules for the government of such appointees as they may deem proper, and shall determine the amount of their fees, and by whom such fees shall be paid.

SEC. 3. The term of office of all such appointees shall commence on the *third* Monday of April of the year in which they are appointed, or at such time as the Directors may designate, and continue until the *third* Monday of April next ensuing. All such appointments shall be revocable, however, at the will of the Board of Directors.

SEC. 4. The Board of Directors shall also fix the compensation for the services of the Secretary, and of all other persons appointed to perform any duty by them, and may, in their discretion, require from any of such appointees, an oath, and a good and sufficient bond to be executed and made payable to the President and his successor in office, for the faithful performance of their respective duties and trusts.

SEC. 5. The Board of Directors shall hold meetings on the *second* Monday of each month (and oftener if they think proper), for the purpose of transacting such business as may be necessary.

SEC. 6. They shall furnish to all persons whom they may appoint Inspectors, Gaugers, Weighers, or Measurers, certificates bearing the signatures of the President and Secretary, and the Seal of the Association, specifying their duty, and the time for which they are appointed, and also that such appointments are revocable at the pleasure of the Board of Directors.

SEC. 7. They shall also make a report to the Association on 'Change or otherwise, of appointments made by them, or the revocation of the same; and at each annual meeting a full report of their proceedings, and the condition of the affairs of the Association, a preliminary synopsis of which shall have been posted on 'Change at least one week prior to the annual election. Such preliminary synopsis to be furnished to the press if desired. They shall also, at the annual meeting, report the amount assessed on each member for the purposes of the Association for the succeeding year.

SEC. 8. They shall cause to be provided suitable Reading and Exchange Rooms, for meetings of members, which shall be kept open during usual business hours, and from eleven to one o'clock daily shall be set apart for a general meeting for the transaction of business.

SEC. 9. It shall be the duty of the Board of Directors to examine charges of misconduct in business matters preferred against any member of the Association, when made to the President or Secretary, in writing, by a member of the Association; and if it shall be found that the party so charged has failed to comply promptly with the terms of any business contract, either written or verbal, he shall be by them suspended from all privileges of membership in the Association until such contract is equitably or satisfactorily arranged or settled, when he may be restored to membership. If the party charged shall be found guilty of willfully neglecting to comply with the terms of any contract, either written or verbal; of making false or fictitious reports of sales or purchases; of a violation of any of the rules of the association, or any other act contrary to the spirit which should govern all commercial transactions, they *shall* report the same to the Association, either at the regular annual meeting or at a meeting called for that purpose, and the member shall be expelled if so determined by a majority of the members present, the number being not less than one hundred. No member, however, shall be suspended or expelled without having an opportunity of being heard in his own defense; and any member having been expelled shall be ineligible to membership until the Association shall see proper to remove his disability. All votes on expulsion of members shall be by ballot. It shall be the duty of the Board of Directors to cause the proper notice to be given to any member of his suspension, expulsion, or restoration under this rule, and to cause the same to be publicly announced on 'Change, except in cases of suspension where, prior to the time at

which such announcement should be made, the Secretary has been advised by the complainant in the case that his claim has been satisfactorily adjusted.

SEC. 10. It shall be in the power of the Board of Directors from time to time, to establish a standard of grades for Flour, Grain, Provisions, Liquors, Lumber, or any other article of produce or traffic commonly dealt in by the members of this Association; and the certificate of any Inspector, Weigher, Measurer, or Gauger; appointed by said Board of Directors, as to the quality or quantity of any such articles, or his brand or mark upon it, or upon any package containing such article, shall be evidence between buyer and seller of the quantity, grade, or quality of the same, and shall be binding upon the members of this Association, or others interested and requiring or assenting to the employment of such Inspectors, Gaugers, Weighers, or Measurers; nothing herein contained, however, shall compel the employment, by any one, of any such appointee.

SEC. 11. The Board of Directors may appoint committees (from their own number) to such service as will, in their opinion, best subserve the welfare of the Association. The Inspection Committee (for the purpose of having the proper branches of the trade represented) may be selected by them from their own number, or from other members of the Association, but are to be fully under the control of the Directors.

SEC. 12. Any representative Delegates that may be invited from this Board, or any Delegates that this Board may be entitled to in the National Board of Trade, or similar bodies, shall be appointed by the President and Board of Directors.

SEC. 13. The Board of Directors shall also appoint a committee consisting of twenty-one (21) members, to be called the "Commercial Committee," in which the various commercial and industrial interests of the city shall be represented. To whom shall be referred all questions which may arise affecting the general interests and prosperity of Chicago, particularly matters relating to Transit, Manufacturing, Warehousing, etc. The committee shall convene upon the call of the President, and five of their number shall constitute a quorum for the transaction of business.

SEC. 14. All committees appointed by the Directors may adopt such Rules and Regulations for their own government (not contrary to the Charter or Rules of the Association) as will best promote the object for which they were appointed.

SEC. 15. The Directors may, in their discretion, provide such legal aid and advice as they may deem necessary, to assist them or either of the committees in the discharge of their duties.

RULE VI.

DUTIES OF SECRETARY.

SECTION 1. The Secretary, under the direction of the Board of Directors, shall keep a fair and regular journal of the proceedings of the Association; take charge

of the Seal, books, papers, and property belonging to the Association ; keep a correct account of imports and exports of the city, by lake, canal, railroad, or otherwise ; collect and record all valuable statistical information pertaining to, or that may benefit the commercial and manufacturing interests of the City of Chicago, and post the same on 'Change, daily, and on or about the first of January in each year, make to the Association a full report of the business of the city for the preceding year, ending January 1st, with such other information as may be in his possession that may be of interest to the members ; and also, on or about March 1st, a supplemental report, embodying the Provision Statistics, and such other matters as may be deemed of sufficient importance. He shall furnish the chairman of each committee a copy of the resolution whereby he was appointed, and, under the direction of the President, shall give notice of meetings ; conduct the correspondence of the Association, and read such records or papers as he may direct ; shall himself, or by substitute, attend meetings of Committees of Arbitration or Appeals, and of the Board of Directors, and keep an official record of their proceedings ; give notice when their services are required, issue the necessary notices and papers to parties and witnesses, and render copies of the verdicts to the parties in a case. He shall collect all moneys due to the Association for assessments, fines, fees, or otherwise, and pay the same over to the Treasurer ; shall keep his office (which shall be at the Exchange Rooms) open during the usual business hours ; shall see that the rooms and property of the Association are kept in good order, and perform such other duties as the Board of Directors may from time to time direct.

RULE VII.

DUTIES OF TREASURER.

SECTION 1. The Treasurer shall receive and keep a correct account of all moneys belonging to the Association, and shall disburse the same on the order of the Secretary, countersigned by the President ; he shall make a quarterly report to the Board of Directors on the *second* Monday in July, October, January, and April, and a full report to the Association at its annual meeting on the *first* Monday in April of each year.

RULE VIII.

ARBITRATIONS.

SECTION 1. The duty of the Committee of Arbitration shall be to investigate and decide all disputes and difficulties of a financial, mercantile, or commercial character, which may be submitted to it. The statements of the principals and witnesses in each case shall be made under oath, and, having been recorded, the committee shall proceed to decide the case.

SEC. 2. The decisions of the Committee of Arbitration may be appealed from, and the case carried to the Committee of Appeals for its revision within ten days

after the judgment of the former committee shall have been delivered to the parties concerned, by notice of such appeal being given to the Secretary or Chairman of the Committee of Arbitration, in writing.

SEC. 3. The duty of the Committee of Appeals shall be to review such written evidence and decisions of the Committee of Arbitration as may be demurred to and formally brought before it, and its decisions shall be final and binding upon the parties. They shall, however, before their decision, receive such statements in writing, or in person, under oath, that either party may wish to introduce, and if in their judgment any new evidence is produced that will justify a re-hearing of the case by the Committee of Arbitration, they shall remand the case to the Committee of Arbitration for a new trial; but any final decision of the Committee of Appeals shall be based on the record of the Committee of Arbitration only.

SEC. 4. Five of either of these Committees shall be a quorum for the transaction of business, and a majority decision of such quorum shall be binding.

SEC. 5. The Committee of Arbitration and the Committee of Appeals shall render their awards, in writing, to the parties in controversy, through the Secretary of the Association, within one week after their decision shall have been made; such awards shall be signed by the President or one of the Vice-Presidents, and the Secretary, and have affixed thereto the Seal of the Association. The official record of the decisions of these committees may be inspected by any member of the Association upon application to the Secretary.

SEC. 6. When from absence or disqualification of regular members, either the Committee of Arbitration or Appeals cannot be formed, the contending parties shall be allowed to fill vacancies with any member or members of the Association willing to serve (not being of the other committee) on whom they may agree; or if the parties in dispute are unwilling to submit their case to the Committee of Arbitration, they may choose three or more members, not exceeding five (willing to serve, and not being of the Committee of Appeals) who they may agree upon, such agreement in either case to be communicated to the Secretary in writing, signed by all the parties in controversy. Committees so formed shall be governed by the same rules, and their decisions shall have the same effect, as if decided upon by the regularly elected committees.

SEC. 7. The Secretary shall administer to the members of any committee sitting as arbitrators such a suitable oath as may be prepared for that purpose, looking to the faithful performance of their duties, and the chairman of such committee (who shall be selected by the members then present) shall have power to administer suitable oaths to the parties and witnesses, and issue subpoenas and attachments compelling the attendance of witnesses, the same as a Justice of the Peace, and, in like manner, directed to any constable to execute.

SEC. 8. Parties desiring the services of either of the foregoing committees shall notify the Secretary to that effect, in writing, and shall file a bond with him, signed by the parties in the controversy, to an amount proportionate to the sum to

be decided upon, binding themselves to pay the fees as established by the Association, and to abide, perform, and fulfill the final award which shall be made touching the matter submitted, without recourse to any other court or tribunal. Neither party shall postpone the trial of a case longer than ten days after it has been submitted, unless good cause can be shown therefor, satisfactory to the committee. Trifling and unimportant matters shall not be entertained by the Committee of Arbitration.

SEC. 9. Members of the Committees of Arbitration or Appeals, failing to attend when their services are required, shall be fined for the use of the Association, three dollars for each default, unless a satisfactory excuse be made to the Association.

SEC. 10. The fees for Arbitration under the sanction of this Association, shall be as follows :

For each award under \$ 500.....	\$10 00
“ “ from 500 to \$1,000.....	15 00
“ “ “ 1,000 “ 1,500.....	20 00
“ “ “ 1,500 “ 2,500.....	25 00
“ “ “ 2,500 upwards	50 00

SEC. 11. The fees as above shall be paid to the Secretary for the benefit of the members sitting as arbitrators, and, in addition, the Secretary shall be entitled to three dollars for each case submitted.

SEC. 12. The fees of the Committee of Appeals and of the Secretary shall be the same as the fees in the same case before the Committee of Arbitration, and shall be disposed of in the same manner.

SEC. 13. In all cases submitted to either committee the fees of the Committee and Secretary shall be deposited with the Secretary by the plaintiff before the case is entertained.

SEC. 14. If parties in a controversy fail to appear at the time set for trial, or request a postponement, they may (if the case is postponed) be fined by and for the use of the committee, any sum at their option, not exceeding one-half the regular fees in the case. The committee, however, may insist that the trial shall take place.

SEC. 15. When neither of the parties in the controversy are members of the Association, the above fees shall be doubled. The above fees and all additional costs that may be incurred in the investigation of suits shall be paid by either of the parties in the case, as may be decided by the committee hearing the same, and shall be included in their award. On parties entering into bond, or taking an appeal, the fees of the Secretary shall be paid, and may be retained, though the case should not come to trial.

SEC. 16. Either party to any case before any committee of this Board, may demand that the evidence, statements and proceedings shall be reported verbatim, or by short-hand, and the costs of same be assessed as the other costs are.

RULE IX.

MARGINS ON TIME CONTRACTS.

SECTION 1. On all time contracts made between members of the Association, satisfactory margins may be demanded by either or both parties, not to exceed ten (10) per cent. on the value of the property bought or sold, on the day such margin is demanded ; said margin to be deposited with the Treasurer of the Association, unless otherwise agreed upon. Said margin may be demanded on or after the date of contract, and from time to time, as may be deemed necessary to fully protect the party calling for same, who shall not be compelled to deposit margin if the market is in his favor to the extent of the margin called.

SEC. 2. Should the party called upon for margin, as herein provided for, fail to respond within the next three banking hours, it shall thereafter be optional with the party making such call, by giving notice to the delinquent to consider the contract filled at the market value of the article at the time of giving such notice; and all differences between said market value and the contract price shall be settled the same as though the time of said contract had fully expired.

RULE X.

FAILURE TO DELIVER OR RECEIVE ON CONTRACTS.

SECTION 1. In case any property contracted for future delivery is not delivered on the day of maturity of such contract, the purchaser may, at his option, receive the property on the next business day, or settle with the seller at the average market price on the day of maturity of contract, or the next business day.

SEC. 2. In case any property contracted for future delivery is not received and paid for when properly tendered, it shall be the duty of the seller to sell it on the market at any time during the next twenty-four hours, at his option, after such default shall have come to his knowledge, and any loss resulting to the seller shall be due and payable immediately by the party so defaulting.

RULE XI.

RIGHTS OF PARTIES ON TIME CONTRACTS.

SECTION 1. On time contracts made between members of the Association where property is bought at buyer's option, the time of delivery shall be as follows :

SEC. 2. When the call is made by the buyer before 12 o'clock M., the property shall be due and deliverable before three o'clock P. M., same day. When the call is made after twelve o'clock M., the property shall be due and deliverable before three o'clock same day, or before eleven o'clock A. M., next day. Or the buyer may specify any particular future day during the term of the option upon which the property shall be due and deliverable, and the property shall be due before eleven o'clock on the day designated, and if no call is made the property shall be deliverable before three o'clock on the day of maturity.

SEC. 3. On contracts for property at seller's option, the seller may deliver the property at any time during the option, between the hours of nine A. M. and three P. M.; but failing to find the purchaser on call to deliver, notice shall be left at his place of business, and the buyer shall be entitled to call for the property within the next two business hours.

SEC. 4. On all contracts for grain for future delivery, the tender of a higher grade than the one contracted for shall be deemed sufficient.

RULE XII.

SALES OF GRAIN.

SECTION 1. On grain sold in store without special agreement as to delivery, the property shall be deliverable by three o'clock P. M., the same day, or by eleven o'clock A. M., the day succeeding the sale, and the warehouse receipts shall have at least five days to run from time of delivery without extra storage.

RULE XIII.

SECTION 1. Whenever any member of this Board shall claim that the fulfillment of his contract is interfered with by the existence of a "corner," the President of the Board shall, upon the application of any party to such contract, appoint a committee of three disinterested members of the Board, who shall decide as to the existence of a "corner," and if they find that a "corner" existed at the time of the maturity of the contract, such contract shall be settled on the basis of actual value as compared with other property of the same kind, but of a different grade in this market, and with property of the same grade in other markets, such value to be ascertained as near as may be, and a price to be fixed by a majority of such committee.

RULE XIV.

SALES OF PROVISIONS.

SECTION 1. If on sales of provisions for future delivery, of a particular packer's brand, the property tendered does not pass examination, the buyer shall then elect, either to take the lot in question at the price agreed upon, or to require that some other standard brand be substituted. But the buyer shall receive either the one or the other.

SEC. 2 On sales of bulk meats for future delivery, the seller shall have the privilege of having the property inspected one week before the maturity of the contract.

RULE XV.

TARES.

SECTION 1. In the sale of any property in packages involving the question of Tare, the actual weight of packages (to be ascertained by stripping at the time of delivery) shall be deducted from the gross weight.

RULE XVI.

SECTION 1. The Association shall hold its Annual Meeting on the *first* Monday in April.

RULE XVII.

SECTION 1. Any person approved by the Board of Directors may become a member of the Association by signing the Rules and Regulations, paying the initiation fee of Twenty-five dollars, and the annual assessments: *Provided* that no person shall be approved by the Directors as a member of the Association who is not a resident of, or permanently doing business in the City of Chicago.

SEC. 2. When the Annual Assessment is made, it shall be considered due; and any member refusing or neglecting to pay the same within ten days thereafter, shall be reported to the Directors, upon whose order the Secretary shall strike the name of such person from the list of members.

SEC. 3. Each firm or business house, all the resident members of which are members of the Board of Trade, shall be entitled to one clerk's ticket of admission to the Exchange Room, such clerk to be an employee of the firm applying for the Ticket, and to be approved by the Board of Directors, but no clerk shall be entitled to transact any business on the floor of the Exchange Room, for himself, or for any other person than the employer to whom the ticket is issued.

RULE XVIII.

SECTION 1. Members of the Association may introduce strangers, but no person except members shall be permitted to negotiate or transact any business in the Exchange Rooms; and it shall be the duty of the Board of Directors to see this rule enforced.

RULE XIX.

SECTION 1. If from any cause an election of officers is not held at the Annual Meeting, or in case of the death, resignation, or removal of the President, either of the Vice-Presidents, Directors, or members of either of the Committees of Arbitration or Appeals, it shall be in the power of the Association to fill such

vacancies for the remainder of the official term, at any regular or called meeting thereafter: *provided*, notice of said meeting and election shall have been announced on 'Change and published in two of the Chicago daily newspapers for at least three days immediately preceding such meeting, and in case of the absense or disability of the President, and all of the Vice-Presidents, ten members may call a meeting of the Association, by giving like notice, at which a President may be appointed for the time being.

RULE XX.

SECTION 1. Editors and Reporters of such newspapers as contribute to the support of the Reading Room, the Superintendents of the different Railroads entering the city, the Collector of the Port, and the Canal Collector, or their representatives, shall have the freedom of the Reading and Exchange Rooms.

RULE XXI.

SECTION 1. It shall be the duty of every committee, appointed by the Association, the President, or Board of Directors, to act, when called upon, within twenty-four hours after notice from any member or members having occasion for their services.

RULE XXII.

SECTION 1. The Association shall have a Seal, bearing a figure of Justice, with a ship in the distance, and the words, "Board of Trade of the City of Chicago."

RULE XXIII.

SECTION 1. For ordinary business, fifty members shall form a quorum, but a smaller number shall have power to adjourn.

RULE XXIV.

SECTION 1. The former Rules, under which the Association has heretofore acted, are hereby repealed, but the present officers of the Association shall continue in their respective offices during the term for which they were elected.

BY-LAWS.

ARTICLE I.

At all meetings of the Association the following shall be the order of business :

Call to Order.

Calling the Roll (which may be dispensed with).

Reading Minutes of previous meeting (which may be dispensed with).

Hearing Reports.

Election of Officers.

Business generally.

Adjournment.

ARTICLE II.

When any member requires it, the mover of a proposition shall put the same in writing. No debate shall be permitted except on a motion regularly made and seconded. A member, however, shall not be prevented from prefacing any proposition he may be about to make.

ARTICLE III.

Every member who speaks shall rise and address the President, and no person shall speak more than twice on the same subject, except by way of explanation, if any objection is made thereto, unless permitted to proceed by a majority of those present.

ARTICLE IV.

The President shall be judge of all questions of order, and may, when the rules of the Association are infringed upon, call to order the transgressing members, who shall thereupon take their seats; but members may appeal to the Association, and if seconded on such appeal, the members present shall decide.

ARTICLE V.

No business before the Association shall be interrupted except by motion for the previous question, postponement, or adjournment, and such motion shall preclude amendment or decision of the original subject until such motion shall be disposed of; but the previous question shall not be moved by less than four members.

ARTICLE VI.

A member may call for the division of a question when the sense will admit of it.

ARTICLE VII.

No vote shall be taken on 'Change, other than one relating to decease of members, or on a question of adjournment, except when notice has been given at least one day. And upon demand of one-third of the members present, any question, except as herein named, shall be referred to a meeting of the Board at some time other than the usual hours of 'Change.

ARTICLE VIII.

None of the foregoing Rules or By-Laws shall be rescinded or altered, nor any new ones made, unless by a vote of two-thirds of the members present (their number not less than one hundred), at a regular or called meeting, and after notice of the proposed change shall have been conspicuously posted in the Exchange Rooms of the Association for at least ten days.

ARTICLE IX.

On all questions or proceedings involving parliamentary points, not specially provided for in the foregoing Rules and By-Laws, "Cushing's Manual" shall be deemed valid authority.
